

Strong Scratch / Stain Resistant Corrosion Free Yellowing Resistant Stainless Steel

Our Product Introduction

more products please visit us on stainless-steelsheetcoil.com

Basic Information

- Place of Origin: China
- Brand Name: Tai-steel
- Certification: ISO-9001
- Minimum Order Quantity: 1 ton
- Price: 1750
- Delivery Time: about 15 days
- Payment Terms: TT payment

Product Specification

- Corrosion Resistance: Strong
- Price Term: CIF CFR FOB EX-WORK
- Type: Steel Sheet
- Scratch Resistance: High
- Stain Resistance: Strong
- Packing: Standard Sea-worthy Packing
- Application: Construction ,Decoration, Industry
- Shape: Falt Plate, Plate
- Highlight: **Yellowing Resistant Stainless Steel,
Corrosion free Stainless Steel,
Stain Resistant Stainless Steel**

Product Description

Product Description:

Our Stainless Steel Yellowing Resistant product meets the EN standard, so you can be sure that it has been thoroughly tested and meets the highest quality standards. Whether you're in the construction, automotive, or manufacturing industry, this product is perfect for a wide range of applications.

With a 2B finish, this product has a smooth, reflective surface that is perfect for decorative applications. It has a thickness range of 0.21-0.50mm, making it versatile and suitable for a variety of uses. Plus, it comes in standard sea-worthy packing, ensuring that it is protected during shipping and arrives at your door in pristine condition.

Whether you need to purchase this product on a CIF, CFR, FOB, or EX-WORK price term, we have you covered. Our Stainless Steel Yellowing Resistant product is available on all four pricing terms, so you can choose the one that works best for you.

Overall, our Stainless Steel Yellowing Resistant product is a top-of-the-line choice for anyone in need of high-quality, durable stainless steel that won't rust or discolor over time. With its strong rust resistance, EN standard compliance, 2B finish, thickness range of 0.21-0.50mm, and standard sea-worthy packing, this product is perfect for decorative applications, as well as a variety of other uses.

Features:

Product Name: Stainless Steel Yellowing Resistant

Thickness: 0.21-0.50mm

Rust Resistance: Strong

Shape: Flat Plate, Plate

Hardness: Full Hard

Scratch Resistance: High

This product is perfect for use in a variety of applications, including:

Coloured Stainless Steel Sink

Automotive Stainless Steel

Ferritic Stainless Steel

Applications:

This Yellowing Resistant stainless steel is highly durable and has strong corrosion resistance, making it perfect for use in Construction, Decoration, and Industry. The full hard hardness of the product ensures that it is long-lasting and resistant to wear and tear.

The Stainless Steel Yellowing Resistant product is perfect for use in a variety of situations. For instance, it can be used in the construction of buildings, whether as structural elements or as decorative features. The colored stainless steel can be used as an accent piece or to create a unique look. The product is also perfect for use in the automotive industry, where its durability and resistance to corrosion are essential.

The Stainless Steel Yellowing Resistant product is perfect for use in a wide range of industries. It is ideal for use in the construction industry, where it can be used to create durable and long-lasting structures. It is also perfect for use in the decoration industry, where it can be used to create unique and aesthetically pleasing designs. In addition, the product is also ideal for use in the automotive industry, where its strength and durability are essential.
